Animals: Lucky - Bichon Poo, female spayed DOB: 03/14/2020, Microchip: 956000015202382

Lucky's [Rabies Certificate](#) - current

3 International Health Certificate (IHC) scenarios

Write the IHC as requested, correct it so that you can write it, or refuse with reasons.

Scenario 1: Able to complete successfully with the information provided

1. A client is traveling to Germany in 14 days, via air cabin, with their Teddy Bear pup for a vacation. You have Category I accreditation. Below is the client information:

Owner: Lily Hill, 200 Main St, Roswell, NM 88203

Destination: Mozartstr. 9, Enkenbach, Germany 67677

Animal: Buddy - DOB 4/12/2014. Microchip: 900274877906943 Implant Date: 6/12/2016

Buddy's [Rabies Certificate](#) - current,

Buddy's [Rabies Certificate](#) - previous

Scenario 2: Able to complete successfully with the information provided. Note - the student must complete one health certificate for China and a separate certificate for the Netherlands, due to transiting through the EU.

2. A client is flying American Airlines to China in 12 days, with a connecting flight in Amsterdam. You have category II accreditation. Their Beagle Tucker will be joining them, flying in cargo. Below is the client information:

Owner: Mark Benson, 45 Lookout Lane, Carlsbad, CA 92008

Destination: No.1 Jianguomenwai Avenue, 100004 BEIJING, P.R. CHINA

Animal: Tucker- DOB 9/3/2016. Microchip: 900274877906944 Implant Date: 4/12/2017,

Height: 16 inches

Tucker's [Rabies Certificate](#) - current

Tucker's [Rabies Certificate](#) - previous

Tucker's [FAVN Results](#)

Scenario 3: Refuse completion of health certificate. The initial rabies was administered before the microchip implant date and therefore does not qualify. The veterinarian will need to administer a new initial rabies vaccination and the pet must wait 21 days before it can travel.

3. A client is flying direct to the United Kingdom (Great Britain) with their British Shorthair, leaving in 22 days. You have Category I accreditation. Below is the client information:

Owner: Cindy Vo, 907 S. Linden St., Albany, NY 12084

Destination: Gunnersbury House , 1 Chapel Hill, London, A11 B12

Animal: Soju- DOB 7/14/2022. Microchip: 900274877906958 Implant Date: 1/22/2024

Soju's [Rabies Certificate](#) - 1/08/2024
